

REINSTATEMENT PROCEDURE

A student who has previously withdrawn from an academic program or been administratively dropped based upon program guidelines may petition to be reinstated into the academic program. The University is under no obligation to reinstate any student.

A student who was dismissed from an academic program, or withdrew pending a dismissal hearing or conduct review, is not eligible for reinstatement. Reinstatement applications are allowed only within the first two years following withdrawal or administrative drop and readmission will be granted only once.

The full reinstatement procedure and accompanying form detailing this process is available on the [Office of the Registrar webpage](#).
